JIGGLYPUFF IS MISSING

My Pokémon Jigglypuff went missing in West Kowloon Park on 20th October, 2025.

Jigglypuff is three years old. She has pink fur with big eyes and a round body. She looks like a ball. She is friendly. She likes playing with everyone. When she is happy, she likes rolling on the ground. When she is angry, she does not play with anyone. She likes food. I am worried because she may be hungry.

I miss Jigglypuff very much because she is my only pet. If you see her, please call 24681359.
