Missing Pet

My pet cat Hachiwa went missing. It went missing in Tung Chung Park last Wednesday.

It is five years old. It is blue and white. It has big round eyes. It is very fluffy. It is neat. It doesn't like dirt. It likes eating fish and cat food. It also loves the special fish I give her.

I feel upset because it is my only pet. Please help me find the cat. If you find it, I will give you a reward. If you see the cat, please call 1386789.
