

## Missing Pet

Venus is missing! Venus is my dog. I lost him in Tung Chung Park last Saturday. When I finished cycling with my friends Natasha and Andrew, I realized that he was not in my bag.

Venus is ten years old. He is white and pink, and he is very soft and fluffy. He is the friendliest pet in the world. When he is tired, he sleeps on my lap. He eats a lot of food because he is hungry all the time. If you see him, please call 1566 7374.
