

My Bad Day

6A Wu Han Xuan, Henry (22)

Last Friday was a bad day for me. Last Thursday night, I stayed up late because I watched TV and ate a lot snacks, such as chips. I felt very tired because I slept when it was 1:00 a.m.

Last Friday, when I just woke up, I thought I was sick because I got a sore throat. I did not feel well, but I still wanted to go to school and had the oral examination.

Then, after going back to school, the oral examination started. I wanted to say the content, but I could not say anything. I also had a bad face. Therefore, my teacher asked me, 'Are you sick?' I see that you do not feel well.' I nodded and pointed to my throat. I felt very scared because my throat made me unable to have the oral examination.

Finally, my teacher asked me to take a rest and have the oral examination next day again. I have learnt that I should not stay up late and eat too many snacks.
