October issue

Earthquake victims in Japan need help!

On the first of October, a terrible earthquake happened in Japan and caused great damage. The ground shook violently. The earthquake also destroyed buildings. Rocks and fallen houses blocked the main roads and made it hard to rescue people. The victims do not have enough food. They need a place to stay too.

## Volunteer Club holding a flag day

The Volunteer Club is going to hold a flag day to raise funds for The Salvation Army. It is an international charity which helps people who are in danger or affected by natural disasters. The flag day will take place on the eighth of October in Tung Chung. You can join the morning or afternoon session.

## Volunteer Club looking for volunteers

The Volunteer Club would like the volunteers to sell flags. If some of them are good at drawing, they can design stickers and make posters for the flag day. The club needs volunteers because they want to help the victims. If every student joins the event, there will be enough money to help them.

If you are interested, you can sign up to be a volunteer.
