

My Bad Day

By 6C Chu Sing Yin, Caden(5)

Last Thursday
night, I ate a lot of
potato chips and
watched TV. When I
woke up, I had a sore
throat. I couldn't talk. I
felt uncomfortable

because I had a sore throat and it hurt.

Although I felt sick, I still went to school. Later, I would go to see the doctor. The teacher said, 'You should take more rest'.

Finally, I went home and took some rest. Then, I went to see the doctor. I took some medicine and felt better. I should not eat too many potato chips and should drink more water to keep myself healthy.
